

RUSSELLVILLE FIRE DEPARTMENT
POLICY MANUAL

Policy Number:
Section:
Original Date:
Revised Date:

PURPOSE

To define when wheel chocking of fire department apparatus is required in order to prevent rolling when the driver is out of the vehicle.

All Company Officers shall responsible for ensuring this policy is adhered to.

POLICY

Department apparatus equipped with wheel chocks shall be chocked anytime the vehicle is parked outside the fire station.

At a minimum, the rear driver side wheel of the apparatus shall be chocked on the downhill side.

Engineers shall place a traffic cone behind the vehicle at the left rear while parked at non-emergency settings.

Approved

Fire Chief
